INTERNET AGREEMENT

Your child will have access to the school internet once this permission slip is signed and returned to school.

- Pupils can only use the internet on the agreement of staff within the school
- At all times we expect all pupils to be responsible for their own behaviour on the Internet, just as they are anywhere else in school. This includes material they choose to access, and language they use.
- Pupils using the World Wide Web are expected not to deliberately seek out offensive material or access materials that are not age appropriate. Should any pupil encounter any such material accidentally they are expected to inform a member of staff immediately and minimise if they are able to prevent other pupils from also viewing inappropriate materials. The school has a high security system to prevent this.
- Pupils are expected not to use any inappropriate language in their e-mail communication and to contact only people they know or those approved by their teacher. It is forbidden to be involved in sending chain letters.
- Pupils should not access other emails or files that belong to anyone else.
- Computers should only be used for school work and homework.
- No program files may be downloaded to the computer from the Internet.
- No disks, CD ROM or other media should be brought into school including data pens.
- Homework completed at home should be emailed to the pupils on their school account or if requested to the teachers school account from the pupils school account only.
- Personal printing is not allowed in school.
- No personal information is ever allowed to be shared on the internet including personal or email.
- Pupils who do not comply will not have access to the internet.
- Pupils' online behaviour will be tracked and monitored by the school.
- Doing anything beyond the school and or online that may bring the schools name into disrepute is strictly forbidden. This includes sharing images, information or conversations that are not appropriate

I have read through this agreement with my child and agree to the internet agreement
